39.2010.1 PUBLIC SPEAKING

Members of the public raised the matters as follows:

The planning application for West Yard has been passed, some of the public present had actually attended the meeting.

There is concern over the presence of a caravan in the field at the end of West Yard, and there is also a mound of soil and tree roots being tipped on the land, there is also a tractor unit and some scrap vehicles.

Currently the spoil from the 2 houses being built on the Coach road is being tipped at the top of the garden of Lakewood.

The Clerk would write to DDDC concerning the caravan and the both incidences of tipping and vehicles and see what their position is with regards to this.

Other concerns were the overhanging hedge at The Grove Church Street, which makes it difficult for pedestrians to use the footway, and continuing problem of horse manure on Holly Lane.

The Clerk would make representation to DDDC regarding these.

A letter was also read out regarding the removal of the hanging baskets when they were still in good condition.

The Clerk would write to the contractor responsible.
