135/2012 PUBLIC PARTICIPATION

135.2012.1 PUBLIC SPEAKING

The gentleman who lives on The Knoll had come to talk about Broadband, and the fact that Derbyshire County Council would be writing to the Parish Council about some funding (£7m) they are receiving to improve the broadband service in the area. He asked that when we do have the opportunity to put the village forward for improvement projects we should do. Tansley shows as being very poor for broadband due to being 'so far' from the exchange.

DECLARING A PREJUDICIAL INTEREST**

138/2012 PLANNING MATTERS

Planning Applications:

11/00836/FUL Erection of 5KW wind turbine (hub height 15 metres) at The Bungalow Mooredge Farm, Knabhall Lane Tansley – do not agree with the location of the turbine, it would be better out of the sightline and would prefer other forms of renewable energy to be used.

Decision Notices:

11/00733/FUL Creation of pedestrian access and associated gateway at 8 Oak Tree Gardens Tansley – PERMITTED WITH CONDITIONS

West Yard – planning conditions still not met – play area, street lighting, landscaping – response received from Derbyshire Dales District Council was read out, although some of the work which had deadlines still has to be completed.

139/2012 CORRESPONDENCE received

139.2012.1 email – Bob & Marion Ball – thank you for recent newsletter

139.2012.2 email – Jane Flanagan – feedback re News In Print

139.2012.3 email – Jane Flanagan – proposed noticeboard, Village Hall? Cllr Taylor would be able to install the new noticeboard in the New Year.

139.2012.4 tree preservation orders - the locations of trees with Tree Preservation Orders is now on the web site

139.2012.5 grit bins - there is a map on the web site showing the locations of grit bins in the village. There does seem to be a grit bin missing from the Coach Road, it was decided to write to the developer to see if he could shed any light on this.

139.2012.6 email – response regarding trees ‘felled’ at Montrose Nottingham Road – that the trees do not require permission.

140/2012 FETE FIELD UPDATE

As yet the PAT testing has not been completed, or it is not known if the boiler requires a service. The clerk would chase both of these items up.

141/2012 ENVIRONMENTAL ISSUES

141.2012.1 Riber View Close – cultivation of verge –the flower beds have been put in, and the planter for the entrance has been purchased.

141.2012.2 Burial Ground work to wall – the stone is being dressed and depending upon the weather, work should soon commence.

141.2012.3 Nottingham Road – overhanging trees/vegetation opposite Church Street - ongoing

141.2012.4 Footpath 12 – the handrail will be extended, more of the path will be surfaced, and DCC are putting in safety edging.

Footpath 2 – DCC have said that they will put in some ‘gabions’ to allow water to drain through.

141.2012.5 Mais Close – overhanging trees/vegetation in stream, this work has been carried out.

142.2012 Church Street – engineering work on listed building

There are engineering works being carried out in the cartilage of the listed building.

RESOLVED:

To write to DDDC regarding this work and if permission has been granted.

143/2012 PEDESTRIAN CROSSING/TRAFFIC CALMING A615

A response has been received from Derbyshire County Council. In the past few weeks, there has been a box (traffic census) near to the Tavern and the Royal Oak carrying out a traffic speed & count.

144/2012 COMMUNITY HALL

The work to the window lintel has been completed. As yet the lease is not through, DDDC want the Parish Council to lease the community hall and will make the lease as easy as possible. DDDC want their legal fees to be reimbursed, these will probably be in the region of £150.

145/2012 SNOW WARDENS

The response to the Hotwire piece was really good, risk assessments have been completed, and all the volunteers need to sign up to them. The Insurance Company needs to have this information. The clerk would arrange for this to be sent.
